

Swiss Statistical Society

Section

"Statistics in Business and Industry" (SSS-BI)

Goals

The goals of the Section "Statistics in Business and Industry" are:

- Representing the interests of statisticians working in business and industry.
- Providing a platform for the coordination and the development of statistical training programs with applications in business and industry.
- Organising conferences in coordination with the other activities of the SSS and its other Sections, e.g. the organisation of specific sessions within the "Swiss Statistics Meeting".
- Promoting the contact among statisticians working in business and industry on the national as well as on the international level.
- Promoting the contact with other organizations with similar objectives.

These goals are taken from the bylaws agreed upon at the creation assembly of May 9, 2003 in Bern, Switzerland.
