

# Report 2008-2009

## Education and Research Section Swiss Statistical Society

The main activity of the Section are the Swiss Statistics Seminars, coordinated by L. Dümbgen. The following events took place:

- Nov. 2007 (Swiss Statistics Meeting, Luzern). Speakers: V. Panaretos, M. Matthuis, L. Davies.
- Apr. 2008 (Bern). Speakers: H. Holzmann, R. Chandler, L. Held, preceded by the Workshop Applied Statistics in LifeSciences.
- Oct. 2008 (Bern, joint with SSS-BI). Speakers: M. Baumgartner, M. Matthuis, F. Ruggeri, F. Hamprecht, O. Papaspiliopoulos
- Apr. 2009 (Bern). Speakers: A. Welsh, R. Liu, R. Gill, preceded by the Workshop Applied Statistics in LifeSciences.

Additional information (e.g. titles of the talks) available at <http://www.imsv.unibe.ch/content/talks/sstats/>.

A working group for the University of Applied Sciences has been created. Two workshops took place already (Jan. 2009, Aug. 2009) on the theme “Statistikausbildung an Fachhochschulen - Ein Erfahrungsaustausch”. Our representative was P. Voirin.

The section also have representatives in the following committees/organizations:

- Swiss Academy of Exact Sciences (ScNat, MAP platform): W. Stahel
- European Courses in Advanced Studies (ECAS): W. Stahel
- Journées Suisses de la Statistique 2009, Genève: E. Cantoni
- SSS committee: E. Cantoni
